O R D E R:-

In the references read above, the following facts about have been given M/s Proctor & Gamble Limited is a Multi National Company which produces various consumer goods and toilet items such as soaps, cleaning powder etc.,. As part of expansion plan, the P & G India is setting up a large manufacturing facility at an investment of Rs.770 Crore. In the first Phase, it is employing about the 520 personnel at their proposed unit at Penjerla Village, Kothur Mandal, Mahabubnagar District.

2. The approach road leading to their factory passes through the foreshore of a water body i.e, Mamidal Cheruvu, an existing MI tank. The company wants to construct a culvert over the water body for their approach road. The village tank has an ayacut of 28 acres. As per the report of the Superintending Engineer, the source is defunct. The Chief Engineer, Minor Irrigation, Telangana Region, in his letter dated 17-08-2013 has recommended for construction of culvert without affecting the water flow into the tank.

3. Government after careful examination hereby **accord permission** to M/s Proctor & Gamble company **to construct Culvert through Mamidala Cheruvu** at their proposed unit at Penjerla Village, Kothur Mandal, Mahabubnagar District **subject to the following conditions :**

- 1) The design shall be approved by the I & CAD Department.**
- 2) The Culvert will be designed without affecting the flow of water.**
- 3) M/s P & G Company will compensate the capacity of the water body by providing Maximum 1 Acre of land adjacent to Water body so that Storage capacity of water body will not be reduced.**
- 4) M/s P & G have filed their application to Commissioner, HMDA for adopting water body by developing/ maintaining water body.**
- 5) Road width on water body by building culvert will not exceed 30m.**

Contd..2.
